Re: Case Identifier: CGB-CC-1341
CG Docket No. 06-181
Petition for Closed Captioning Exemption
Request for Supplemental Information

Dear Pastor Manley:

This letter concerns your Petition for Exemption from the Federal Communications Commission's (FCC's) closed captioning requirements. After reviewing your Petition, the Consumer and Governmental Affairs Bureau (Bureau) has determined that additional information, as set forth below, is required to enable us to determine whether the programming that is the subject of your Petition should be exempted from the FCC's closed captioning requirements because captioning such programming would be economically burdensome to your organization.

The Bureau sent you a request for supplemental materials on July 10, 2014, and because we did not receive your supplemental information by the due date of August 11, 2014, we dismissed your Petition on September 11, 2014. However because you just brought to our attention that the July 10, 2014 letter was never received because it was sent to a different post office box, we are resending this letter requesting supplemental information, and your petition remains pending with us instead of being dismissed.

Specifically, your Petition included information about the name of your program, the impact of captioning on your operation, and verifications that you have sought closed captioning assistance from your video programming distributors and additional sponsorship sources. We conclude, however, that because your Petition is missing required information, we cannot take further action on your Petition.

If you wish for your Petition to receive further consideration for a closed captioning exemption, you must supplement your Petition by providing us with the information described below **by October 29, 2014**, which is 30 days from the date of this letter:

- The nature and cost of the closed captions for the programming. Provide information about your organization's costs associated with closed captioning each specific program for which you are requesting an exemption, and your efforts to find companies that can provide captioning at a reasonable cost.

- Include documentation for two or more recent quotes you received from closed captioning services to provide closed captioning specifically for your program(s). “Recent” means a quote you obtained within one year of the date of your petition.

You provided three quotes. If you would like for us to consider your quote from Video Caption Corporation, we would need clarification. Your quote from Video Caption Corporation indicates that the cost would be \$12,200 for the captioning of 52 shows, not including shipping and handling. Your letter indicates it would be \$31,400 instead because additional work and a hiring of an individual to complete the work would be needed. Please clarify what additional work needs to be done once you obtain the completed captioned master copies.

- Your financial resources.

- Provide information about all income and all expenses for your organization, as follows:
 - Provide audited financial statements or an accountant’s review or compilation of financial statements for the two most recent completed calendar or fiscal years. If such statements have not been prepared by or for you or your organization, provide complete federal income tax returns or tax-exempt information returns, including all schedules and attachments, for your organization for the two most recent completed calendar or fiscal years, if such returns were filed. If your organization is a sole proprietorship, provide complete personal federal tax returns, including all schedules and attachments, for the two most recent completed calendar or fiscal years for the sole proprietor. If your organization is a Subchapter S corporation, limited liability company (LLC), professional corporation (PC), or partnership, in addition to the organization’s tax returns, provide the complete personal federal tax returns, including all schedules and attachments, for the two most recent completed calendar or fiscal years for the shareholders or partners. Redact (black out) sensitive information, such as account numbers and social security numbers, before submitting personal tax returns or other documentation. **If none of these documents have been prepared by or for you or your organization, you must provide a written statement to that effect.**
- Provide information about the current assets and current liabilities of your overall organization, as follows:
 - **Provide a statement of all current assets and current liabilities of the overall organization as of the last day of the two most recent completed calendar or fiscal years. Current assets and current liabilities must each be totaled. List, describe, and provide the dollar amount for each type of**

current asset and current liability so listed. This requirement may be satisfied by providing complete balance sheets that identify current assets and current liabilities as of the last days of the two most recent completed calendar or fiscal years. If you have no current liabilities, provide a statement to that effect.

- Current assets are any asset (or resource) as of the last day of the calendar or fiscal year that can be converted into cash within the following year.
 - Examples of current assets for an individual or sole proprietor: cash; checking accounts; savings accounts; investment accounts including money market accounts; certificates of deposit and bonds that will mature within one year; stocks; and trust/endowment account amounts available for that year.
 - Examples of current assets for a corporation: cash; accounts receivable; inventory; marketable securities; and prepaid expenses.
- Current liabilities are obligations (or debts) as of the last day of the calendar or fiscal year that must be paid within the following year.
 - Examples of current liabilities for an individual or sole proprietor: any loans (principal and interest) and mortgage payments (principal, interest, taxes, and insurance) due to be paid within one year; the balance of any credit cards as of the last day of the year; and unpaid bills as of the last day of the year (utility bills, and medical bills).
 - Examples of current liabilities for a corporation: accounts payable; accrued liabilities; notes payable; current portion of long-term debt; and taxes payable.
- **Affidavit or declaration.** Your supplemental materials and submission must contain a detailed, full showing, supported by a signed and sworn affidavit or signed declaration made under penalty of perjury attesting to the truthfulness and accuracy of the information and representations contained in your submission. An affidavit is a written statement made under oath, before an official who is authorized to administer oaths, such as a notary public or county clerk. A declaration is a written statement made under penalty of perjury, such as “I declare under penalty of perjury that the information contained in this submission is true and correct.” (See 47 C.F.R. § 1.16.) **The affidavit or declaration supporting your Petition and supplemental information must be dated.**

You may also provide other information that you deem relevant to our determination of your exemption request pertaining to the impact that captioning will have on your program or programming activities and any available alternatives that might constitute a reasonable substitute for the closed captioning requirements including, but not limited to, text or graphic display of the content of the audio portion of the programming.

Because of the public nature of FCC proceedings, your submission, as well as any supporting financial or other information provided, will be available for inspection by the general public. If your submission contains some specific information that you would like not to be made routinely available for public inspection, you may request its "confidential treatment, pursuant to FCC rules. (See 47 C.F.R. § 0.459.). If you seek such treatment, you must identify the *specific* information which you would not like to be made available to the general public and provide the basis for your request, for example, that the information is proprietary financial information, contains a trade secret, or is legally privileged. Also describe how disclosing the information to the general public may cause you substantial competitive harm. You must also submit a second version of your submission with the confidential information redacted (removed or blacked out). This second version must be submitted along with your request for confidential treatment. The redacted version (*i.e.*, the version that does not contain the confidential information) will be disclosed publicly. If your request for confidential treatment is granted, the "public version" of your submission must still contain sufficient documentation to support your claim that closed captioning would be economically burdensome. This documentation is needed so that members of the public have notice of the basis for your exemption request and can comment on its merits.

If the Bureau determines that your Petition, as supplemented by your response to this letter, provides sufficient information upon which to make a determination of whether or not to grant a closed captioning exemption, we will place your Petition on public notice under Docket No. 06-181 at <http://fjallfoss.fcc.gov/ecfs>. Members of the public will then have 30 days to file comments on and/or oppositions to your Petition, including the supplemental information you have provided in response to this letter, after which you will have 20 days to respond. At the end of this timeframe, the Bureau will review your Petition, along with any comments and responses received, to determine whether you have demonstrated that providing closed captions would be economically burdensome. If Bureau denies your Petition, you will have 90 days from the date of your notification of the denial to begin captioning.

If you do not supplement your Petition with all of the updated information and documentation requested in this letter within 30 days of the date of this letter, we will conclude that you have failed to support your exemption request with adequate explanation and evidence, and will dismiss your Petition. In the event of such dismissal, your organization will be required to begin providing closed captioning for your program(s) within 90 days of the date of our notification to you that your Petition has been dismissed.

If you have questions pertaining to this letter or the information and materials requested herein, please contact the FCC's Disability Rights Office at captioningexemption@fcc.gov.

Instructions for Filing a Supplement to a Closed Captioning Exemption Petition

As of April 30, 2014, you must send the FCC your supplemental information by e-mail to captioningexemption@fcc.gov. Petitions and supplemental materials may not be filed directly on the FCC's Electronic Comment Filing System (ECFS). At this time, the FCC's e-mail system does not accept attachments in the form of .ZIP files or file sizes larger than 13.3 megabytes. If a petitioner has concerns that its file size will exceed this limitation, please contact captioningexemption@fcc.gov. Because the FCC will upload petitions and any supporting information and documentation to ECFS, petitioners must follow the ECFS document format guidelines (<http://apps.fcc.gov/ecfs/userManual/upload/documents.jsp>) when sending petitions, supporting information, and documentation via e-mail. For more information about this electronic filing procedure, visit: <http://www.fcc.gov/encyclopedia/economically-burdensome-exemption-closed-captioning-requirements>.

You must include your case identifier number, which is located at the top of this letter, and CG Docket Number 06-181 in all correspondence with the FCC regarding your petition.
